ABOUT END CITIZENS UNITED PAC

End Citizens United PAC (ECU) is dedicated to ending the tidal wave of unlimited and undisclosed money that has reshaped our politics and damaged our democracy.

ECU is a community of more than 3 million Americans dedicated to reforming our nation's broken campaign finance system and ending *Citizens United*. Our supporters are active and engaged in the political process as a progressive grassroots community dedicated to electing campaign finance reform champions.

Our strength comes from the power of many individuals standing together to call for change. We're proud to be supported by more than 300,000 donors across America who helped create a groundbreaking model that proved there's a way for the grassroots to compete with corporate special interests and billionaires.

ABOUT THIS SURVEY

ECU will use this questionnaire and past votes, statements and actions on campaign finance issues to guide our process for selecting candidates to endorse.

ECU takes a full and comprehensive approach to rectifying the severe consequences the *Citizens United* decision has had on our elections. There are many avenues to fixing our broken campaign finance system: Enacting a constitutional amendment to overturn the *Citizens United* decision, confirming federal judges and Supreme Court Justices who believe political donations do not equate to political free speech, and supporting legislation that will bring full disclosure of and limits to the money flowing into our elections.

Kindly return your completed questionnaire by sending an electronic copy to Jordan Wood at *Jordan@endcitizensunited.org*. Your answers to this questionnaire as well as any endorsements made by End Citizens United PAC will be released to the public.

Too much money is spent to win elections - and it is drowning out the voices of regular people. Politicians line their pockets with special interest money and then trade that money for a vote that impacts all of us. Campaigns should be run by the people, for the people.

We need change. It is time our political leaders are once again accountable to the people that elect them, not the deep pocketed corporate PACs that control their every vote. On the first day of my campaign I pledged not to accept corporate PAC money and to be accountable only to you, my neighbors and friends. In Congress, I will support:

1. A constitutional amendment to overturn the Citizens United decision that allows unlimited, untraceable, secret special interest money to flood our elections.
Placing a cap on campaign spending. Millions of dollars are spent in the election process that could be used to stimulate our economy and better our communities.

2. Placing a cap on campaign spending. Millions of dollars are spent in the election process that could be used to stimulate our economy and better our communities.
