2018 House Questionnaire

ABOUT END CITIZENS UNITED PAC

End Citizens United PAC (ECU) is dedicated to ending the tidal wave of unlimited and undisclosed money that has reshaped our politics and damaged our democracy.

ECU is a community of more than 3 million Americans dedicated to reforming our nation's broken campaign finance system and ending *Citizens United*. Our supporters are active and engaged in the political process as a progressive grassroots community dedicated to electing campaign finance reform champions.

Our strength comes from the power of many individuals standing together to call for change. We're proud to be supported by more than 300,000 donors across America who helped create a groundbreaking model that proved there's a way for the grassroots to compete with corporate special interests and billionaires.

ABOUT THIS SURVEY

ECU will use this questionnaire and past votes, statements and actions on campaign finance issues to guide our process for selecting candidates to endorse.

ECU takes a full and comprehensive approach to rectifying the severe consequences the *Citizens United* decision has had on our elections. There are many avenues to fixing our broken campaign finance system: Enacting a constitutional amendment to overturn the *Citizens United* decision, confirming federal judges and Supreme Court Justices that believe political donations do not equate to political free speech, and supporting legislation that will bring full disclosure of and limits to the money flowing into our elections.

Kindly return your completed questionnaire by sending an electronic copy to Jordan Wood at Jordan@endcitizensunited.org. Your answers to this questionnaire as well as any endorsements made by End Citizens United PAC will be released to the public.

Jess King believes that the massive increase of big money in politics is a grave threat to American democracy. We cannot solve our greatest challenges - from our health care system to climate change to Wall Street's recklessness - if we cannot free our elected representatives from the corrupting influence of big money in our political process. Jess is personally outraged at the huge role corporate bundlers, lobbyists, and SuperPACs play in funding candidate's campaigns and tilting the legislative agenda in favor of the wealthy and the powerful. As a sign of her commitment to ending corruption, Jess King for Congress will not take money from corporate PACs and is also not accepting donations from the oil and gas industry, given that many voters in the 11th district are upset by a dangerous fracked pipeline being constructed in the district. Jess will be proud to champion the strongest possible campaign finance reform in the House of Representatives.
