ABOUT END CITIZENS UNITED PAC

End Citizens United PAC (ECU) is dedicated to ending the tidal wave of unlimited and undisclosed money that has reshaped our politics and damaged our democracy.

ECU is a community of more than 3 million Americans dedicated to reforming our nation's broken campaign finance system and ending *Citizens United*. Our supporters are active and engaged in the political process as a progressive grassroots community dedicated to electing campaign finance reform champions.

Our strength comes from the power of many individuals standing together to call for change. We're proud to be supported by more than 300,000 donors across America who helped create a groundbreaking model that proved there's a way for the grassroots to compete with corporate special interests and billionaires.

ABOUT THIS SURVEY

ECU will use this questionnaire and past votes, statements and actions on campaign finance issues to guide our process for selecting candidates to endorse.

ECU takes a full and comprehensive approach to rectifying the severe consequences the *Citizens United* decision has had on our elections. There are many avenues to fixing our broken campaign finance system: Enacting a constitutional amendment to overturn the *Citizens United* decision, confirming federal judges and Supreme Court Justices that believe political donations do not equate to political free speech, and supporting legislation that will bring full disclosure of and limits to the money flowing into our elections.

Kindly return your completed questionnaire by sending an electronic copy to Jordan Wood at *Jordan@endcitizensunited.org*. Your answers to this questionnaire as well as any endorsements made by End Citizens United PAC will be released to the public.

The unprecedented growth of dark money groups in politics is troubling, and I strongly oppose both court decisions in Citizens United and McCutcheon. That is also why I support efforts to pass a constitutional amendment overturning Citizens United and once again restoring transparency to campaign finance. My hope is that one day we are able to change the political landscape back to being about the issues rather than pushing the agendas of a handful of billionaires.

I am also proud to be a previously endorsed ECU candidate.
