The Honorable Nancy Pelosi
Speaker of the House of Representatives
The Capitol, H-232
Washington, D.C. 20515

Dear Speaker Pelosi,

Thank you for your decades of steadfast leadership and commitment to protecting the integrity and security of our elections. Because of your leadership, the U.S. House of Representatives is on the verge of once again passing a sweeping package of bold, common sense reforms that will reduce the influence of money in politics, crackdown on corruption in both parties, ensure accurate elections, and protect voting rights.

On behalf of End Citizens United // Let America Vote Action Fund and our // more than four million members around the country, we fully support passage of the For the People Act (H.R. 1) and are committed to doing everything we can to ensure it is signed into law.

Far too many Americans across the political spectrum believe their government no longer works for them. They see wealthy special interests dictating policy, politicians setting the rules for their own elections and making it harder for Americans to vote, and federal officials profiting off the public interest. The For the People Act is critical to restoring the public's faith in our democratic institutions and ensuring everyone's voice and vote is heard, counted, and protected.

As you know, the For the People Act is a comprehensive set of reforms aimed at addressing three critical needs:

- **Making it easier, not harder, to vote** by improving access to the ballot box and promoting and advancing election integrity and security, including addressing many of the challenges voters faced in the 2020 election.
- **Ending the dominance of big money in politics** by empowering small donors, requiring transparency for dark money groups, and strengthening oversight of our campaign finance laws.

- **Ensuring officials are working in the public interest** by updating and expanding federal ethics and conflict-of-interest rules for members of Congress, administration officials, and lobbyists.

The American people voted in record numbers for pro-reform majorities in Congress and a president who believes our democracy works best when every vote is counted and every voice is heard. Congress must deliver on this mandate by passing the comprehensive reforms in the For The People Act to ensure our democracy works for all of us, not just wealthy special interests.

Sincerely,
